PRODUCT INFORMATION:

Valley's STILETTO freestanding bath is not only a luxurious addition to any bathroom space, but also a statement fashion piece. This tub design was influenced by none other than the mastermind of high heels himself, Christian Louboutin. The high-arc curvaceous backrest is designed to perfectly support the head and neck for optimal relaxation during a soak. The waterfall spout located at the top of the arc allows for a cascade of water that surrounds one with pure bliss. **The waterfall spout should NOT be your main source to fill up the bathtub, you will need a freestanding tub filler to fill it properly. This tub comes with an integral slotted overflow and a pop-up drain is included.** Complies with CSA & IAPMO standards
