TECHNICAL SPECIFICATIONS

ROUGH-IN	12" / 300mm	NOZZLE	Single 316 stainless-steel nozzle
ELECTRICAL	120V, 60Hz	WATER HEATING	Instant heat
RATED POWER	1200W	TANK CONFIGURATION	Built-in tank
WATER PRESSURE	0.06-0.75 MPa	FLUSH SYSTEM	Super-flush system
CLEANSING FLOW	450-650 ml/min	FLUSH OPERATION	Approx. 41dB / 5 sec.
FLUSH VOLUME	3 / 4.8 LPF (0.8 / 1.28 GPF)	MAP RATING	1000g

WASH FUNCTIONS

- Rear wash & Front wash
- Constant-temperature wash
- One-touch wash cycle
- Massage wash
- 4 water-pressure levels
- 4 water-temperature levels
- 5 nozzle-position levels
- Soft aerated wash
- Antibacterial nozzle
- Automatic nozzle cleaning

COMFORT & CONTROL

- Heated seat
- Warm-air dryer
- Automatic deodorizer
- Rotary side control knob
- Remote control
- Ambient breathing light
- Night light
- Soft-close lid and seat
- LED status display
- Seat-occupancy sensor
- Radar presence sensor
- Foot-activated flush & lid
- Automatic lid/seat
- Remote lid/seat control
- Remote flush
- Push-button flush
- Automatic flush
- Backup power

SAFETY & HYGIENE

- Power-saving mode
- Backflow-prevention check valve
- Water-purification filter
- Anti-stain glazed bowl
- Integrated protection system
- UV sterilization
- SIAA-approved nano-silver antibacterial seat

CONFIGURATIONS

- Phone app connectivity
- Hot/cold alternating wash
- Induction-sensor night light
- Water-flow sterilization
